

Introduced by Senator KehoeFebruary 24, 2012

An act to amend Section 10630 of the Water Code, relating to water.

LEGISLATIVE COUNSEL'S DIGEST

SB 1558, as introduced, Kehoe. Urban water management plans.

The Urban Water Management Planning Act requires an urban water supplier to prepare and adopt an urban water management plan that identifies and quantifies the existing and planned sources of water available to the water supplier's service area, based on specified factors. The act states the intent of the Legislature, in enacting the act, to permit levels of water management planning commensurate with the number of customers served and the volume of water supplied.

This bill would make technical, nonsubstantive changes to that intent provision.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 10630 of the Water Code is amended to
- 2 read:
- 3 10630. It is the ~~intention~~ *intent* of the Legislature, in enacting
- 4 this part, to permit levels of water management planning
- 5 commensurate with the ~~numbers~~ *number* of customers served and
- 6 the volume of water supplied.

O
